

# Adobe Acrobat DC for business.

Adobe Acrobat DC combines Acrobat desktop software with PDF services<sup>1</sup> and the Acrobat Reader mobile app to deliver the complete PDF solution for today's mobile, connected world. Give users the tools they need to create, edit, and sign PDFs—anywhere, on any device. And protect your systems and data with Adobe's highest levels of security.

With an Acrobat DC subscription through the Adobe Value Incentive Plan (VIP), your organization can:

**Deploy and manage with ease**—Deploy apps and updates centrally or let users self-install. Add or reassign seats anytime with just a few clicks in a web-based dashboard. And deliver secure remote access to Acrobat DC with virtualization support for named user licensing.

**Keep software up to date**—Get access to the latest features and updates to deploy on your schedule.

**Extend your existing investments**—Share documents and collaborate within current workflows with seamless integrations in Box, Dropbox, and Microsoft Office and SharePoint.

**Meet user demand for mobile solutions**—Enable users to get their work done from any device including smartphones, tablets, and laptops. And know their data is secure across all devices.

**Receive consolidated purchasing and volume discounts**—Save big with volume discounts, extend your license term up to three years to keep your budget predictable, and add more licenses at the discounted price through VIP.

**Get expert help when you need it**—Count on advanced 24x7 technical support, 1:1 sessions with product experts, and tutorials to help you make the most of your software.

Find an offering that fits your needs:

**Acrobat DC for teams**  
Small to midsize businesses  
and departments

- Hassle-free deployment
- Security across all devices
- Expert technical support

**Acrobat DC for enterprise**  
Midsize to large organizations  
and departments

- Customizable cloud services
- Single Sign-On
- Enterprise-level support and onboarding
